

## SUMMARY MEDICAL EXPERTS

- A group representing more than 500 Victorian doctors and medical experts have called on Premier Daniel Andrews to bring an immediate end to lockdown restrictions in Victoria, raising concerns over the alarming and growing human toll caused by Victoria's COVID-19 response. The Covid Medical Network says that the current restrictions are unnecessary, disproportionate and must be lifted, in a statement posted to their website today The response to the virus will cause more deaths and result in far more negative health effects than the virus itself, it says. <https://www.covidmedicalnetwork.com/media/covid-response-causing-new-health-crisis.aspx?fbclid=IwAR3OPXBrrJx-pme9PALyvbFfn1MDMFMEki1m5gwNWhe1q5MpQbDovJWOUo>

- **The CDC advice (May 2020) that masks do not have a substantial effect on transmission**
- **WHO report of a peer reviewed study (June 2020) finding that asymptomatic people are not causing infectivity (in other words no need to treat or mask or confine healthy people or those without symptoms).** <https://www.cnbc.com/video/2020/06/08/who-coronavirus-patients-who-dont-show-symptoms-arent-spreading-new-infections.html> The WHO have recently posted a Stay Healthy to beat Covid19 chart focused on immunity, prepared by the UN Interagency Task Force. It refers to having a healthy diet, avoiding alcohol, quitting smoking and being physically active. In other words the focus has now changed to building up one's physical immunity. It appears that the opinions of the WHO which were closely followed by public health leaders in Australia are now being ignored.

### **Why are their qualified and experienced medical opinions not taken into account in our health policy?**

- There are International Experts in the thousands that hold contrary views to those few the Victorian and Australian government rely on.
